

חגיגה ט

A person who misses a תפילה on purpose, cannot make it up. If he missed it because of an accident, or because he was drunk, or even if he felt he was not able to concentrate, he may make up the תפילה by davening עשרה שמונה עשרה twice by the next תפילה. The first תפילה he davens is for the present תפילה, while the second תפילה is לתשלומין.

There is no תשלומין for מוסף.
