

Although the היתר that four L shaped boards placed in corners allow a well to be used (פסי ביראות), is for animals, if the well is too wide for a person to go down if he needs a drink, then the person may drink in the enclosed area as well.

A person should fill the כלי with water and place it down before the animal (he may not hold the כלי while the animal is drinking).

The two thousand אמות that a person is able to walk is counted from the boundary of the city. If there is a house within seventy אמות, provided the house has two walls and a roof, and is 4x4 אמות, the two thousand אמות are counted from the house.

מלך שלמה was מתקן that although מן התורה it is מותר to carry from one רשות היחיד to another, or many residents in one רשות היחיד are allowed to carry in one מבוי or חצר, in order to be able to carry, one needs to make an עירוב.

Only one who tremendously exerts himself will succeed in תורה.
