

If a person is buying תפילין from someone who is not a מומחה three תפילין should be checked out to ensure the תפילין maker knows what he is doing, either two של ראש and one של יד, or two של יד and one של ראש.

If there are many pairs of תפילין in a place where they can come to בזיון, it is מותר to wear them out provided that he can get to all of them before שבת is over. If in any case he will be forced to bring some back after שבת, he may not wear any, but should wait at the place and guard the תפילין.
