

One who spits or relieves himself from one רשות to another is חייב a חטאת, even if while relieving himself the tip of his organ is in the same רשות that the urine ends up, since the urine comes from inside the body--and the body is in a different רשות--he is חייב.

One who is eating with unwashed hands (which are שני לטומאה) and he touches his mouth, if he swirls the saliva around, then it is like a prepared liquid, then the food he is eating becomes טמא as well (as food can only be מקבל טומאה if it touches certain liquids), if he did not swirl the saliva around, the food is טהור.

It is אסור to spit in front of one's רבי. The רמ"א explains that this is spit that was coughed out, however, spit that came out by itself is no problem.

One may not stand in רשות הרבים and put his head into רשות היחיד and drink or vice versa. However, he may do so if his head and a majority of his body are in the other רשות. It is also מותר to do so from a רשות היחיד or רבים to a כרמלית (or vice versa).

When wine comes in contact with heat, it is חייב in מעשר (even when drunk casually above the wine press, which is normally still פטור from מעשר).

A person cannot stand in רשות הרבים and catch water from a

gutter within three טפחים of the roof--whether it is above or below ten טפחים--by holding onto the gutter (with his mouth or hand) as it is considered as if he is taking the water from a roof. He may, however, catch the water, provided that the gutter is below ten טפחים and is not 4x4 טפחים.

A בור in רשות הבים that is surrounded by a bank, if it is within four טפחים of רשות הרבים, it is מותר to draw water from there on שבת (only from the side facing היחיד). If it is further than four טפחים away, it is only מותר if the surrounding bank is ten טפחים high (in other words, when he lifts the bucket, it goes through a פטור first).

It is מותר to throw garbage from a רשות היחיד onto a garbage dump that stands in רשות הרבים and is ten טפחים tall, and four טפחים wide (the רמ"א notes that we do not worry that it might roll off the dump and he will come to pick it up, as people only throw things away that they do not care about). This is only the case by a public garbage dump, however, it is אסור to throw onto a private one, as private ones are dumped often, and the height of the garbage dump is often decreased to below ten טפחים.

It is מותר to carry in the shade of a tree whose branches extend from the trunk at a height of ten טפחים, and hang within three טפחים off the ground, provided it is less than two בית סאה.
