

פסחים סב

If some of the limbs of the קרבן פסח become טמא, those that are טמא are burned, and those that are טהור are eaten.

A person who is טמא or an ערל may send a קרבן through a שליח, but a קרבן פסח may not be נשחט for a טמא or an ערל.

The קרבן פסח must be an animal in its first year. An animal more than a year old that is מקריב as a קרבן פסח, is כשר as a קרבן, but the owner does not fulfill his חיוב with it.
