

## פסחים סב

If some of the limbs of the פסח קרבן become טמא, those that are טמא are burned, and those that are טהור are eaten.

A person who is טמא or an ערל may send a קרבן through a שליח, but a פסח קרבן may not be נשחט for a טמא or an ערל.

The פסח קרבן must be an animal in its first year. An animal more than a year old that is מקריב as a פסח קרבן, is כשר as a קרבן, but the owner does not fulfill his חיוב with it.
