

If פסח fell out on שבת, and a person forgot to prepare the knife (for שחיטה) from before שבת, he does not carry it in his hands, but places it between the horns of a goat, or in the wool of a sheep (depending on whether he was using a goat or a sheep for the קרבן פסח), and the animal transports the knife. This is only מותר if he has not yet been מקדש the animal as a קרבן, because if he has, he cannot use it to transport as that would be מעילה.

It is אסור to be מקדיש (to pronounce something as הקדש) on שבת. A קרבן פסח is an exception because it is a חוב that has a זמן קבוע. Similarly, a קרבן חגיגה can be מקדיש on שבת.

It is אסור to be haughty, as one who thinks too much of himself, ורם לבבך עשכחת את ה' אלוקיך--הקב"ה (דברים ח:יד).
