

## ראש השנה יב

If a person makes a נדר that he will not get הנאה from his friend או בשנה זו, then the נדר ends on ראש השנה. This is so even if the נדר was made כט אלול.

נדרים go by the local לשון. For example, if a person makes a נדר to abstain from מבושל, then if in that locale שלוק or צלי is considered מבושל, then that is אסור to him as well.

Olives and wheat are not חייב in מעשר until they have reached a third of their growth.
