

If a person says: “הרי עלי עצים”, then he must bring at least two blocks of wood, that are the width of an אמה. If a person says “הרי עלי זהב”, if he mentioned a coin, he should bring at least a דינר. If he did not mention a coin, he only needs to bring a very small amount.

A woman who gives money for a קרבן during the day (if she was a לידה or איבה) can presume the קרבן was brought and can eat קדשים that evening.
