

דף יומי הלכה שבת ל

A נבלה may be cut up and placed in front of a dog on שבת provided the dog would be unable to eat the carcass without it being cut up.

A dead person may be moved on שבת by placing a child or a loaf of bread on the body, as the body is מוקצה. If there is no child or bread present, the body can be moved by rolling it from bed to bed. This can be done in a רשות היחיד or a כרמלית. Some opinions permit the body to be moved even in a רשות הרבים because moving the body is a מלאכה שאינה צריכה לגופה.

The רמב"ם writes that the שמחה experienced from performing מצות is an עבודה גדולה and a person should never prevent himself from this שמחה.

The prophets were only able to receive נבואה when they were בשמחה.

The רמב"ם writes that while a person should take the middle road when it comes to most character traits, this is not so regarding arrogance, and a person should constantly strive to be humble.
