

דף יומי הלכה שבת מא

The רמב"ם says that one should live in ארץ ישראל. However, he quotes from the גמרא that it is forbidden to go up from בבל to ארץ ישראל as the פסוק in ירמיהו says: בבלה יובאו ושמה יהיו.

One should always have drink with his food, and should drink after he eats.

One may add a large amount of cold water into a kettle that was emptied of hot water, in order to warm the water up. It is forbidden to place a small amount that is able to be cooked.
